Good Evening Scott,

Thanks for your appreciation me and Ramesh have been working together almost 14 years. I know he could manage the situation better than anyone else in my group that's why we are not going there to look after the projects.

Mr. Ramesh is not only our employee he is one of our family member we are always treating him like that only. Ofcourse we also treat the others in same way in our company but Ramesh is really special in our group.

Once again thanks for motivation words it's bringing us more energy to do better service.
